

# Florida Coastal Management Program

309 Assessment & Strategies  
2011-2015

# 309 Assessment & Strategies Partners

# Enhancement Area Assessment

- Wetlands
  - Coastal hazards
  - Public access
  - Marine debris
  - Cumulative and secondary impacts
  - Special area management planning
  - Ocean resources
  - Energy and government facility siting
  - Aquaculture
- 

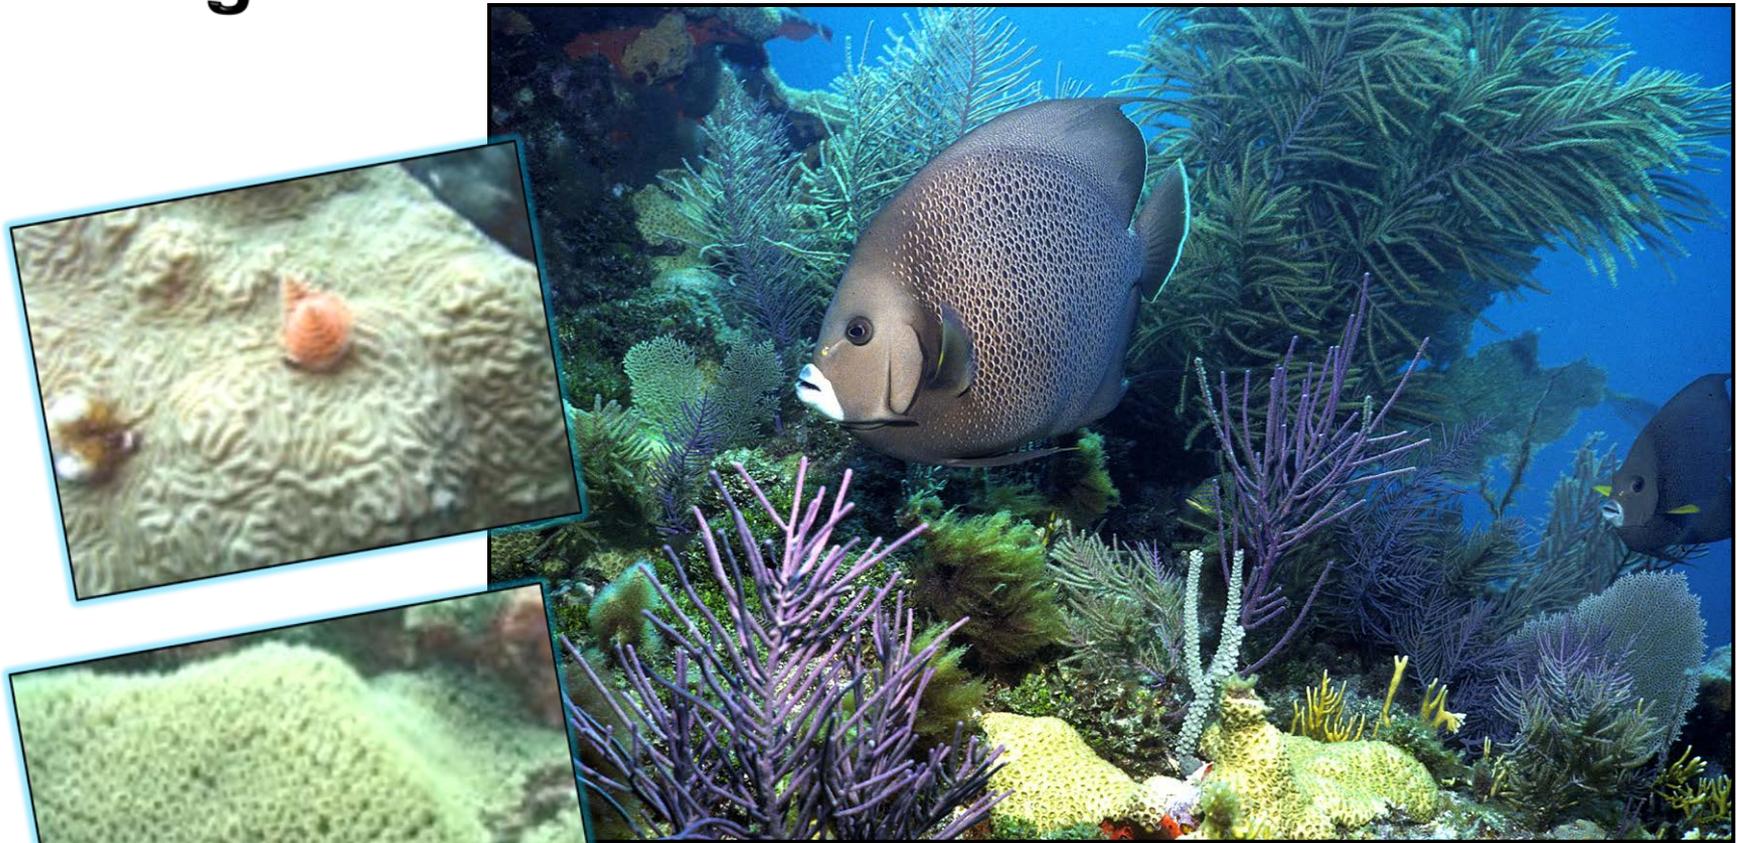

# Strategies

- Florida Coastal Management Program identified 6 strategies for the 2011-2015 planning period.

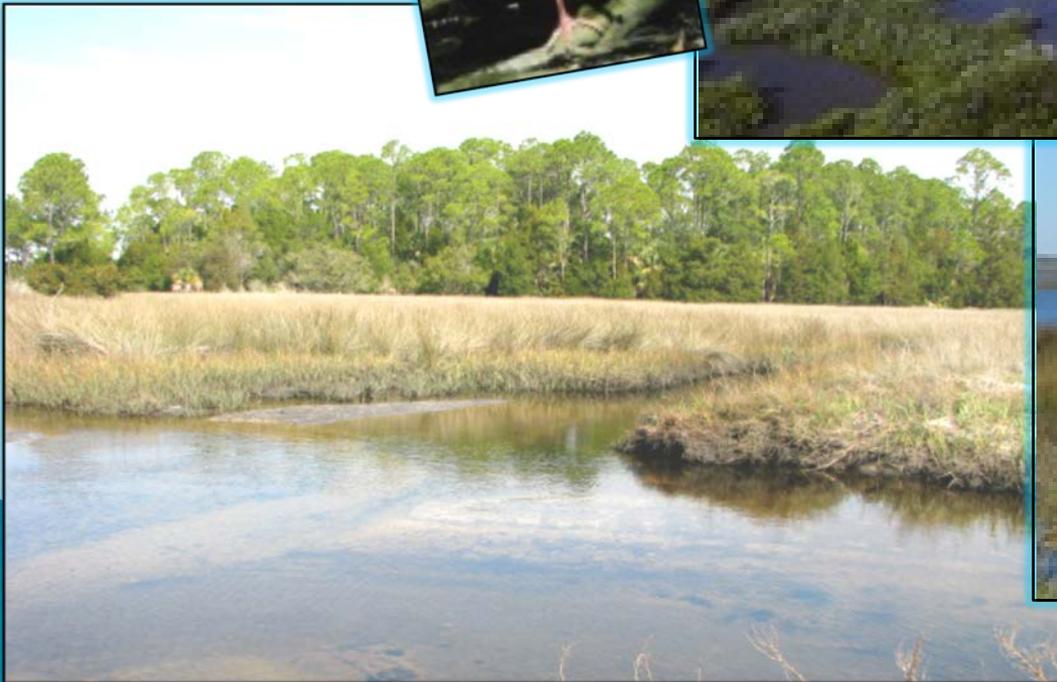

# Community Resiliency: Planning for Sea Level Rise

# Coordinated Coral Reef and Hardbottom Ecosystem Mapping and Monitoring Program

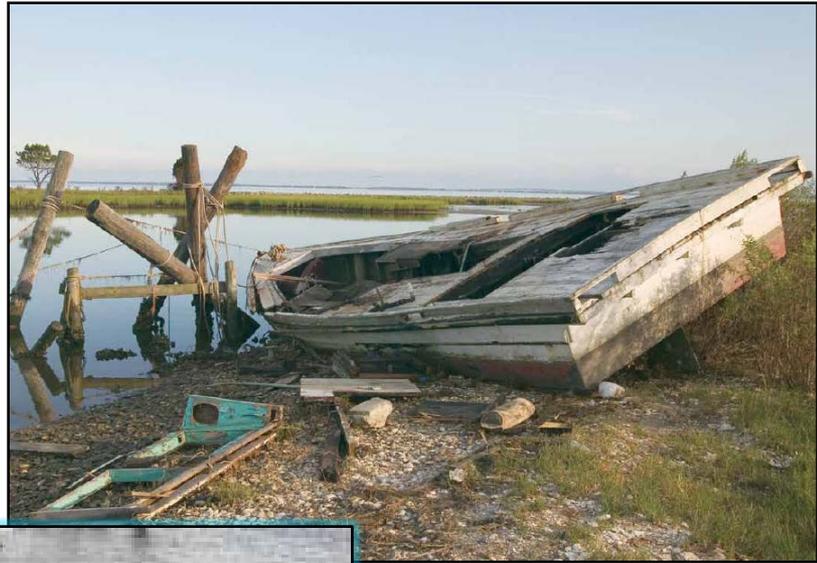

# Florida Estuarine Habitat Restoration: Creating and Testing Statewide Planning and Guidance

# Special Area Management Planning for Critical Wildlife Areas

# Marine Debris and Aquaculture Use Zones

# Strategies

Enhancement area	Strategy	Timeframe & budget
Coastal Hazards	COMMUNITY RESILIENCY: PLANNING FOR SEA LEVEL RISE	5 years \$899,245
Ocean Resources & Special Area Management Planning	COORDINATED CORAL AND HARDBOTTOM ECOSYSTEM MAPPING, MONITORING, AND MANAGEMENT PROGRAM	5 years \$707,092
Aquaculture	FLORIDA ESTUARINE HABITAT RESTORATION: CREATING AND TESTING STATEWIDE PLANNING AND GUIDANCE	3 years \$282,000
Special Area Management Planning	SPECIAL AREA MANAGEMENT PLANNING FOR FWC'S CRITICAL WILDLIFE AREAS	2 years \$209,000
Aquaculture	MARINE DEBRIS AND AQUACULTURE USE ZONES	3 years \$180,322
Special Area Management Planning	AQUATIC PRESERVE MANAGEMENT PLAN UPDATES	4 years \$185,985

# Completed 309 Efforts

Enhancement Area	Strategy	Partner
Coastal Hazards	Post Disaster Redevelopment Plans	Florida Department of Community Affairs
Ocean Resources	Ecoregional Bioassessment/ GAME	DEP/Coastal & Aquatic Managed Areas and the Florida Fish & Wildlife Conservation Commission
Ocean Resources	Seagrass Integrated Mapping & Monitoring (SIMM) project	Florida Fish & Wildlife Conservation Commission
Ocean Resources	Blueways	Florida Fish & Wildlife Conservation Commission/Florida Wildlife Research Institute
Ocean Resources	HAB Response Plans	Florida Department of Health
Special Area Management Plans	Waterfronts Florida Partnership	Florida Department of Community Affairs
Special Area Management Plans	Integrated Management Framework and Aquatic Preserve Site Plan Revisions	DEP/Coastal & Aquatic Managed Areas
Aquaculture	Improved Coordination & Monitoring	Florida Department of Health

<b>Enhancement Area</b>	<b>Priority</b>	<b>Developing one or more strategies</b>
Wetlands	High	Yes
Coastal Hazards	High	Yes
Public Access	High	No
Marine Debris	Medium	Yes
Cumulative and Secondary Impacts	High	No
Special Area Management Planning	High	Yes
Ocean Resources	High	Yes
Energy & Government Facility Siting	Medium	No
Aquaculture	Medium	Yes
