

CNP NATIONAL CONFERENCE FINAL AGENDA

Hotel Washington & EPA

November 16-18, 2005

WEDNESDAY (11/16) 9 AM – 11:30 am

Hotel Washington Ballroom

Program Development/Improvement Assistance

- ✓ Individual sessions for states requesting assistance for specific MMs, program evaluation/reporting, grants, or other CNP issues.
- ✓ Meet in the Hotel Washington Ballroom at identified table.

State/Agency	Topic	Time	Federal Staff
OH (Matt Adkins/Greg Nageotte)	Local RHBs and OSDS (HSTS)	9-9:30 AM	Fredrick, Goo
GA (Michelle Vincent)	Multiple programmatic issues	9:45-10:30	All
OR (Amanda Punton)	All Remaining Program Conditions: AG opinion, riparian protection, new development, RHBs, and OSDS Proposal.	10:45-11:30	All

WEDNESDAY (11/16) 12-4:30 PM

Hotel Washington Ballroom

Theme – Tracking and Evaluating CNPs

Provide advice, lessons learned and technical assistance on tools, software, databases, and other techniques to improve program effectiveness and results reporting.

Key topics to cover in presentations:

- ✓ What is being tracked/evaluated, why? How will the program or project ultimately be evaluated?
- ✓ How is local data obtained and analyzed by state programs?
- ✓ Are any social indicators being used?
- ✓ Program integration/synergies, how are different programs working together on reporting results?
- ✓ Funding sources, who's paying for the work?
- ✓ Partners – who, why, how?
- ✓ Identifying priorities – site oriented vs. statewide, selected MMs or all?
- ✓ Obstacles – what's preventing widespread implementation tracking? How can policies be assessed?
- ✓ Related information – reports, evaluations, website, contacts?

State/Agency	Topic	Time	Lead
NOAA	Introductions/Meeting Information	12-12:30	John Kuriawa
NOAA	Coastal Program Performance Measures for Water Quality	12:30-12:40	John Kuriawa
EPA	CNP linkages to other CWA Programs, especially 319	12:40-1:15	Dov Weitman
<i>All Attendees</i>	<i>Interactive Discussion</i>	<i>1:15-1:45</i>	<i>All Attendees</i>
NOAA – CSC	Technical tools for assessing NPS impacts and tracking landscape changes	1:45-1:50	John Kuriawa (for CSC Staff)
CICEET	Evaluating BMP Effectiveness from the Center for Stormwater Technology Evaluation and Verification	1:50-2:20	Dwight Trueblood
<i>All Attendees</i>	<i>Interactive Discussion</i>	<i>2:20-2:30</i>	<i>All Attendees</i>
All Attendees	BREAK	2:30-2:45	All Attendees
CA, Tetrattech, Region 9 EPA	Efforts to track CNP implementation	2:45-3:10	Jack Gregg (CA), Martina Keefe (TT)
MD	NPS/Restoration Tracking Database	3:10-3:30	Ken Sloate
Region 3 EPA	Tracking BMPs in a watershed context	3:30-3:45	Fred Suffian
AL	Establishing an OSDS tracking process with local entities	3:45-4:00	Hank Burch
<i>All Attendees</i>	<i>Interactive Discussion</i>	<i>4:00-4:30</i>	<i>All Attendees</i>

WEDNESDAY (11/16) 4:30 – 6:30 PM

Free Time/Dinner

WEDNESDAY (11/16) 6:30 – 8:30 PM

EPA Rachel Carson Hall (aka Green Room)

Posters, Posters, Posters!

You want to relax at the reception? Your ticket in is a poster showing off the ins and outs of an innovative and proven CNP project, program, or partnership. Please consider the themes of the conference to frame your poster and go for an award for creativity, biggest and brightest, and most innovative project.

THURSDAY (11/17) 8:30 AM – 11:30 AM

Hotel Washington Ballroom

Theme - Coastal Community Development

Share successful case studies and approaches to foster interagency collaboration related to coastal community growth and development issues within the CNP and key water quality programs.

Key topics to cover in presentations:

- ✓ Background – how did the program or project get started?

- ✓ Funding – sources, leveraging, federal, non-federal
- ✓ Timeframe – how long did it take for the project to be developed?
- ✓ Partners – who, why, how?
- ✓ Implementation mechanisms?
- ✓ Measuring success – is there a monitoring plan, evaluation process?
- ✓ Successes – what’s worked that others should emulate?
- ✓ Obstacles – what can we learn from barriers?
- ✓ Future directions - where is the project/program headed?
- ✓ Related information – reports, evaluations, website, contacts

State/Agency	Topic	Time	Lead
NOAA	<ul style="list-style-type: none"> ✓ How does the MOU between NOAA and EPA help the CNP? ✓ How can the adoption of smart growth programs/approaches implement or support specific management measures? 	8:30-8:50	John Kuriawa
EPA	Using LID and smart growth to protect water resources	8:50-9:10	Rod Frederick Don Waye
NH	Natural Resources Outreach Coalition (NROC) – how successful are we?	9:10-9:30	Sally Soule 603.559.1564 603.559.0032
<i>All Attendees</i>	<i>Interactive Discussion</i>	<i>9:30-9:45</i>	<i>All Attendees</i>
All Attendees	BREAK	9:45-10:00	All Attendees
NY	Working effectively with local governments to counter the impacts of sprawl to protect water quality and aquatic resources	10:00-10:30	Ken Smith
MI	Coastal program land use management	10:30-10:45	Matt Smar
OR	Providing technical assistance to implement MMs locally	10:45-11:10	Amanda Punton
<i>All Attendees</i>	<i>Interactive Discussion</i>	<i>11:10-11:30</i>	<i>All Attendees</i>

THURSDAY (11/17) 11:30 AM – 1 PM

Hotel Washington

Lunch on your own. Informal OSDS Inspection discussion over lunch.

THURSDAY (11/17) 1 PM – 2:45 PM

Hotel Washington

Theme - Coastal Community Development

State/Agency	Topic	Length in Minutes	Lead
VA	Special Area Management Planning as a means to implement comprehensive planning and mitigate NPS pollution	1:00-1:20	Julie Bixby
NC	Cross-agency collaboration for coastal community development, including a	1:20-1:40	Gloria Putnam

	jointly funded project with the 319 Grant Program for a Water Quality Planner position at Sea Grant		
Center for Watershed Protection	The importance of including planners in watershed planning and the “Top 10 Lessons” from the Center!	1:40-2:00	Anne Kitchell
<i>All Attendees</i>	<i>Interactive Discussion/Conclusions</i>	<i>2:00-2:45</i>	<i>All Attendees</i>
All Attendees	BREAK	2:45-3:00	All Attendees

THURSDAY (11/17) 3 PM – 5:00 PM

Hotel Washington

Theme - Lessons from the Field of Funding

Ideas for leveraging federal grant dollars and ways to broaden the scope of available federal dollars.

State/Agency	Topic	Length in Minutes	Lead
NOAA	Using available coastal program dollars wisely	3:00-3:15	Allison Castellan
EPA	Leveraging EPA funding programs	3:15-3:30	Don Waye
<i>All Attendees</i>	<i>Interactive Discussion</i>	<i>3:30-3:45</i>	<i>All Attendees</i>
ME	Taking care of yourself – sources of funding for the CNP coordinator	3:45-4:00	Todd Janeski
OR	DOT Smart Growth projects	4:00-4:15	Amanda Punton
OH	Working with NRCS	4:15-4:30	Matt Adkins
<i>All Attendees</i>	<i>Interactive Discussion/Conclusions</i>	<i>4:30-5:00</i>	<i>All Attendees</i>

THURSDAY (11/17)

Dinner on your own

Informal Discussion Groups Encouraged

FRIDAY (11/18) 8:30 AM – 9:30 AM

EPA/DOC

Theme - Focus on Management Measures

State/Agency	Topic	Length in Minutes	Lead
EPA	Meeting the OSDS Inspections Management Measure	8:30-8:45	Rod Frederick Don Waye
TX	Where are we now, where are we going?	8:45-9:00	Tammy Brooks
MN	How we did it – Minnesota’s approach to meeting conditions	9:00-9:15	Marc Hershfield Mike Peloquin
<i>All Attendees</i>	<i>Interactive Discussion on development or implementation of difficult management measures</i>	<i>9:15-9:45</i>	<i>All Attendees</i>
All Attendees	BREAK	9:45-10:00	All Attendees

FRIDAY (11/18) 10:00 AM – 12 NOON

Hotel Washington

Theme - Challenges for the Future

A panel dialogue addressing serious challenges and opportunities facing the CNP, potentially including some of the following questions.

- ✓ Does your state CNP or the National CNP have a future as a stand alone program?
- ✓ Are we in need of defining a niche? What is it?
- ✓ What happens if all dedicated funding disappears?
- ✓ How is 6217 different than the overall (319) NPS Management Program?
- ✓ How can we best demonstrate results if policy change is our primary goal?
- ✓ Can we market the technology-based aspect of the CNP?
- ✓ We have developed many new enforceable policies; can we build on that aspect of the program?
- ✓ Should the CNP be expanded nationwide?
- ✓ Can it be used in 303(d) listing as a technology based approach for NPSs?

State/Agency	Topic	Length in Minutes	Lead
EPA	New National Urban Management Measures Guidance and Phase II	10:00-10:20	Don Wayne Rod Frederick Tom Davenport
NOAA	The CNP in the context of state coastal programs	10:20-10:40	John Kuriawa Allison Castellan
VA	✓ How is the CNP unique? ✓ Should it be the prevention focused BATs program?	10:40-11:00	Rick Hill
<i>All Attendees</i>	<i>Interactive Discussion/Conclusions</i>	<i>60</i>	<i>All Attendees</i>
